October 1971

PRESIDENT
ANTHONY LONGHETTI
SAN BERNARDINO COUNTY
SHERIFF'S OFFICE
CRIMINALISTICS LABORATORY
P.O. BOX 569
SAN BERNARDINO, CALIFORNIA 92403

Dear Members:

Let's consider the C.A.C. vis-a-vis the C.M.A.
(Criminalistics Management Association).

The former was organized primarily to provide a vehicle for the exchange of ideas and information within the field of criminalistics; the latter, to discuss and study mutual problems of managing criminalistics laboratories. Specifically, the objective of CMA, as formulated at the first meeting on June 25, 1970 [cf. Objectives and Purposes of CAC, as expressed in the By-laws and printed in J. For Sci. Soc. 11, 2, pg. 114 (April, 1971)], are:

1. the training of criminalists on the job
2. the educational requirements for criminalists
3. how to better use technicians to assist the criminalists
4. management science applied to criminalistics
5. examination of grant funds to aid criminalists
6. cooperation between laboratories to obtain a more effective unity of effort
7. upgrading administration of budget and doing a better job of personnel management
8. do a better job of long range planning
9. investigation of proposed legislation and legislative needs affecting the laboratory

NEWLETTER
October 1971
Page 2

Beyond agreement on the objectives of the group, a bimonthly meeting schedule and dues structure of \$5.00/member/meeting, CMA is still informal. Agenda items thus far have included management seminars at LAPD, obtaining grant funds for a state-wide 2-week course on forensic blood alcohol analysis and interpretation of blood alcohol levels, and the standardization of work-load reporting.

CAC and CMA will have, and should have, many areas of common interests. The difference lies in such terms and names as Theory X, Herzberg, systems analysis, PPBS, motivation and territorial imperative. These are "managementese".

The California Association of Criminalists is an association of forensic scientists whose common bond lies in furthering the cause of a unique scientific profession.

(S) Tony Longhetti, President

ASSOCIATION NEWS

REGISTRATION FOR THE FALL CAC SEMINAR. Program chairman, Paul Dougherty, urges members planning to attend the CAC Seminar, 21-23 October, to make reservations WITHOUT DELAY at the Burlingame Hyatt House, (address and telephone number given under Announcement of Meetings).

Mr. Dougherty can accept a few more papers if he is contacted immediately. In addition to the formal program, Mr. Dougherty has planned one luncheon and a banquet. John Kaplan, J.D. will be the guest speaker at the banquet.

COMMITTEES. The President has recently announced that the following committees will be active during the year 1971-72, and has made the appointments listed below:

AWARDS COMMITTEE: David Burd, Chairman, L. B. Miller,
Raymond Pinker

CRIMINALISTICS INFORMATION COMMITTEE: John L. Ragle, Chairman,
Richard Shaw, Allen Gilmore, John Thornton,
Richard Whalley

BY-LAWS AND POLICY REVISION COMMITTEE: W. J. Cadman, Chairman,
Lowell Bradford, Alfred Biasotti,
Anthony Longhetti

PUBLIC RELATIONS AND EDUCATION COMMITTEE: Robert Cranston,
Chairman, Jan Bashinski, Charles Morton,
Brian Parker, James White

L. B. Miller will continue to serve as PUBLIC HEALTH LIAISON.

PRE-SEMINAR ABSTRACTS. All members who have had papers accepted for presentation at the 38th CAC semi-annual Seminar will be required to submit abstracts to the Editorial Secretary, Gerald T. Mitosinka, as soon as possible. These abstracts will be printed for distribution at the meeting.

FORENSIC SCIENCE SOCIETY TIES. The Editorial Secretary has been notified that F.S.S. ties are now available for \$3.50. Orders should be made payable to the Forensic Science Society and sent to Dr. David Patterson, Department of Colour Chemistry, University of Leeds, Leeds LS2 9JT, England.

BACK ISSUES OF THE JOURNAL OF THE FORENSIC SCIENCE SOCIETY. Back issues of the journal are available from the Society Treasurer, Dr. Alan Clift, Michael Mount, Garstang Road, Barton, Preston PR3 5DP, England.

CHANGE OF ADDRESS, JOURNAL OF FORENSIC SCIENCES. CAC members are reminded that address corrections SHOULD NOT be sent to the CAC Editorial Secretary. Instead, send these corrections directly to the Secretary, The Forensic Science Society, 107 Fenchurch St., London EC3M 5JB, England, preferably with the address label from the Journal.

CALIFORNIA CRIMINALISTICS LABORATORY. It has come to the attention of Duayne Dillon that an organization known as the California Criminalistics Laboratory is practicing in one or more counties in Northern California. Apparently the operation is manned by a single individual with offices in San Francisco and Contra Costa Counties. The individual tows a trailer which bears an emblem and the notation "California Criminalistics Laboratory" on the sides. If this organization is practicing in your County, contact Mr. Dillon for information on the owner and the operation.

CRIMINALISTICS PROGRAMS. Preliminary information is now available to interested persons on three colleges and universities in California offering courses in criminalistics. Additionally, information is available on the program offered at John Jay College in New York. Contact Robert Cranston of the San Bernardino County Sheriff's Criminalistics Laboratory.

SUBMIT NEWS FOR THE NEWSLETTER. The CAC Newsletter serves as the sole interim informational source for members, and to be of any significant value it needs a constant supply of news concerning activities of the membership, as well as items of general interest. Information concerning bills passed or pending pertaining to our profession, announcements of positions open, announcements of meetings, new books received in your laboratory, and any new techniques, evaluations of procedures, case data, etc. should be sent to the Recording Secretary for publication in the quarterly Newsletter.

MAKE SURE YOUR VOTE IS CAST AT THE NEXT CAC BUSINESS MEETING, OCTOBER 1971. Our organization now has 134 members, and this number will be increased at the next business meeting. Since we are now such a large organization and since many members are not able to attend the semi-annual meetings, it is becoming difficult to obtain a quorum. I am sure that all members are interested in the association, otherwise membership would be small. If you find that you cannot attend the next business meeting, PLEASE clip the form below and give it to a member attending, along with instructions as to how you wish your vote cast. This is your organization and I am sure you wish to have a voice in its future.

_____ shall be entitled to cast my
